## ACTION DESCRIPTION MEMORANDUM FOR PROPOSED CLOSURE OF EIGHT SELECTED UNDERGROUND STORAGE TANKS

Attached is the Action Description Memorandum (ADM) for the proposed closure of eight underground storage tanks as revised in response to the comments of Kesh Murthy of DOE. Please review the ADM and provide a determination of the level of NEPA documentation required.

This ADM on the closure of eight underground storage tanks has been modified from the ADM of November 8, 1989, in response to comments from Kesh Murthy of DOE. Other than minor editorial revisions, the changes are:

1. explanation of the term "closure" as used in this document, added to the first paragraph of Section 1.2.
2. explanation of the terms "OVA" and "HNu", two types of organic vapor analyzers.

Please contact Laura Frick, extension 4643, with any questions.
